Book Overview:

Allâ€™s fair in love and work. The first standalone romance by New York Times and #1 international bestselling author Christina Lauren (Beautiful Bastard) is a sexy, compulsively readable romantic comedy that dives headlong into the thrill and doubt of modern love.

Despite the odds against them from an embarrassing meet-awkward at a mutual friendâ€™s Halloween party, Carter and Evie immediately hit it off. Even the realization that theyâ€™re both high-powered agents at competing firms in Hollywood isnâ€™t enough to squash the fire.

But when their two agencies mergeâ€”causing the pair to vie for the same positionâ€”all bets are off. What could have been a beautiful, blossoming romance turns into an all-out war of sabotage. Carter and Evie are both thirtysomething professionalsâ€”so why canâ€™t they act like it?

Can Carter stop trying to please everyone and see how their mutual boss is really playing the game? Can Evie put aside her competitive nature long enough to figure out what she really wants in life? Can their actor clients just be something close to human? Whether these two Hollywood love/hatebirds get the storybook Hollywood ending or just a dramedy of epic proportions, you will get to enjoy Christina Laurenâ€™s heartfelt, raucous, and hilarious romance style at its finest.

This book is one of best seller books in the world. Many of people very interesting to read this book. So, your life will be regret if you never read this book on your life.
